

## Important Information

Funds For Learning uses its best efforts to ensure that all of the E-rate-related information that it provides is accurate, current, and complete as of the date of original presentation. However, because of the dynamic nature of E-rate program rules, regulations, and procedures, FFL can neither warrant nor guarantee the accuracy, currency, or completeness of this information.

# E-rate FCC Form 470 and 471

---

Todd Lawrence  
Funds For Learning  
February 2022

# Agenda

- E-rate background
- Eligible Services
- Category 2 Budget Rules
- Competitive Bidding (Form 470)
- Filing FCC Form 471

# Discount Program

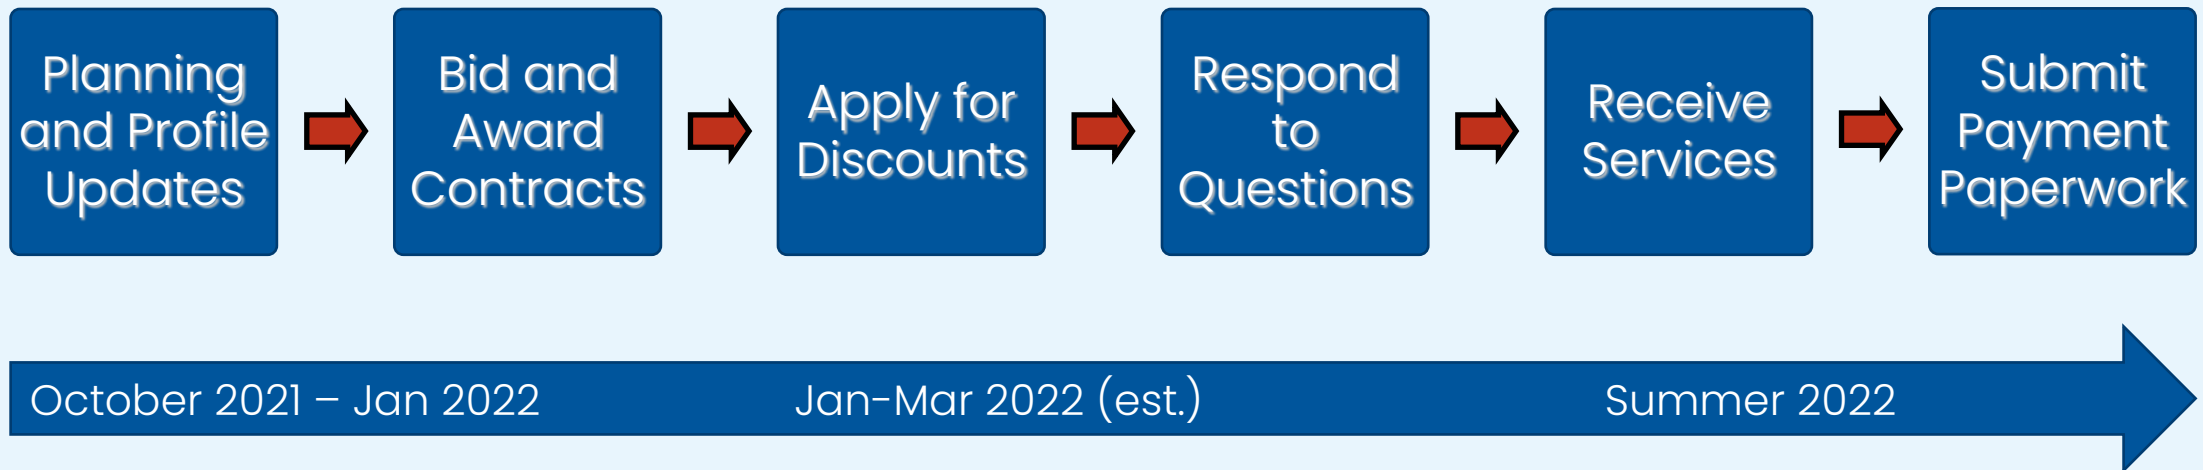

- Not a grant: E-rate is a **discount** program
- Discounts range from 20% to 90% depending on type of service purchased and urban/rural location
- In general, higher poverty levels = higher E-rate discount

# E-rate Opportunities and Challenges

- Builds robust network infrastructure
  - Provides a platform of success for other tech initiatives
- Funds **will** flow if rules are followed
  - E-rate is not merit-based
- Rules, regulations, processes, Forms, deadlines
  - Failure to comply results in delays or denials, or worse

# Applicant Steps

- Annual funding process:
  - Recurring services – July 1 to June 30
  - Non-recurring services – April 1 to September 30 (or later)

# Eligible Services

# Eligible Service List

- Defines what products and services qualify for discounts
  - Focused on broadband **connectivity and infrastructure**
  - Eligibility defined by **functionality**
- Not listed in the ESL? Assume it is not eligible

# Connectivity and Infrastructure

- Two funding categories:
  - Category 1 (“C1”): *service to the building*
    - Internet access and WAN links
  - Category 2 (“C2”): *service within the building*
    - LAN equipment and services

# Category One Services

- Internet bandwidth
- Wide area networks
  - Lit, dark, and self-provisioned fiber
- Platform agnostic
  - Fiber, copper, wireless, satellite, etc.
- Equipment required for C1 services to be functional

# Category 2 Services

- Internal Connections:
  - Switch/route
  - Wireless LAN: access points, controllers, licensing
  - Structured cabling and installation
  - “Basic” firewalls
  - Web content caching equipment
  - UPS (if connected to eligible components)

# Category 2 Services

- Basic Maintenance of Internal Connections
  - Manufacturer service contracts (excluding warranties)
  - Break/fix maintenance on hardware
- Managed Internal Broadband Services (MIBS)
  - Management and monitoring of eligible equipment
  - May include leased hardware or manage/monitor applicant's own

# Category 2 Rules

# Fixed Five-Year Cycles

- Cycles for all applicants begin and end in five year “blocks”
  - Cycle 1: FY2021 – FY2025
  - Cycle 2: FY2026 – FY2030
- Budgets reset at the end of each cycle, regardless of utilization
  - No “carry-forward” of funds from one cycle to the next

# System-wide Budgets

- C2 budgets now calculated system-wide
  - No per-building spending limits
  - Recipients of service must be instructional facilities (no NIFs)
- System cap for five-year cycle is set when first C2 application of cycle is committed
  - Cap may be optionally recalculated in subsequent years of cycle

# Calculating C2 Budget Caps

- Step 1: C2 budget multipliers
  - Schools:  $\$167 * \text{district full time enrollment}$
  - Libraries:  $\$4.50 * \text{total system square footage}$
- Step 2: Site count
  - Total number of instructional sites
  - If the total  $\leq 10$ , number of instructional facilities under the “floor”
    - School floor threshold: 149 students
    - Library floor threshold: 5,555 ft<sup>2</sup>

# Calculating C2 Budget Caps

- Applicants with **eleven or more** sites:
  - Total FTE \* \$167 **or**
  - Total building count \* 25,000, whichever is **greater**
- Applicants with **ten or fewer** sites:
  - Mix and match on a **per site** basis
    - Multiplier \* enrollment/square footage *or* \$25,000, whichever is **higher**
  - Total budget is sum of “floor” sites and enrollment sites

# Equipment Transfer Rules Relaxed

- Old rule: no transfers for three years
- New rule: equipment purchased in FY2021 and beyond may be moved between eligible sites at any time
- Purchases in FY2020 and prior still subject to transfer rule\*
- Best practice: always document physical location

# E-rate Competitive Bidding

# Procurement Process Summary

- **All** E-rate discounted services must be competitively bid:
  - Exemption for “low cost” Internet: 100/10 speed @ \$3,600/yr. or less
- FCC rules govern vendor evaluation and selection
- Contracts required to purchase most services

# FCC Form 470

- Posted on USAC's website
  - Describes products and services requested
  - Includes attachments (RFPs) and other information
  - Includes contact information
- Filed at any time during the year (subject to EPC)

# FCC Form 470

- Bidding period is **28 days** from the date the Form 470 is filed
  - “Allowable Contract Date” marks end of 28-day period
  - RFPs should also be open for 28 concurrent days
- Document retention
  - Keep copies of all bids sent to customers (even losing bids)
  - Keep records of communication(s) with customers
- Last day to post an FCC Form 470 is February 22, 2022

# FCC Form 470 Scope

- The 470 sets the overall scope of a funded project
  - Competitively bid via Form 470
  - Contracted
  - Requested via Form 471
  - Purchased
  - Discounted with E-rate funds
- Deviations from original scope can cause denial

# Form 470 Cat 1 Description Changes

## OLD

1. Internet Access and Transport Bundled
2. Internet Access: ISP Service Only
3. Leased Lit Fiber (with or without Internet Access)
4. Maintenance and Operations
5. Network Equipment
6. Other
7. Transport Only– No ISP Service

## NEW

1. Internet Access and Data Transmission Service
2. Standalone Internet Access Service
3. Internet Access and Data Transmission Service
4. Category One Maintenance and Operations
5. Category One Network Equipment
6. N/A
7. Standalone Data Transmission Service

# Form 470: Same Language FY21 to FY22

- Cellular Data Plan/Air Card Service
- Leased Dark Fiber
- Self-Provisioned Network (Applicant Owned and Operated Network)
- Services Provided Over Third-Party Networks

# Form 470 Service Descriptions

- Form 470 has “narrative” section for C1 and C2
  - Ideally, applicant provides more detail
- 470s aren’t binding
  - No obligation to purchase all (or any) services on the Form 470

# Responding to 470s: Best Practices

- Pay attention to all terms and conditions
  - Applicants may post RFPs or other bidding documentation
- Mind the Allowable Contract Date
- Utilize contact information for questions
- Provide enough detail for bids to be evaluated
  - Make/model/quantity/price, identify customer, date quotes/bids

# Bid Evaluation Requirements

- Cost of **eligible** services must be the highest weighted factor
- Two ways of evaluating bids:
  - “Binary” disqualification criteria (must be disclosed in 470/RFP)
  - Subjective criteria (evaluated on a “matrix”)
- State and local purchasing rules **must** be followed

# Sample Vendor Evaluation Matrix

Criteria	Available Points
Cost of eligible goods and/or services	30
Cost of ineligible portion	25
Prior experience with vendor	15
In-state preference	10
Compatibility with existing infrastructure	20
	<b>100 possible points</b>

# Contracts

- Legally binding agreement required
  - After 28-day period but prior to funding request (Form 471)
  - Should include extension/renewal terms
  - Exception: Month-to-month and tariff services
- Should contain detailed scope of work
  - Service parameters, equipment make, model and quantity
  - Billing terms, service logs, etc.
- May be contingent upon funding commitment

# Contracts

- Applicants can use state contracts
  - File Form 470 and consider state contract terms/pricing as “bid”; or
  - Use state’s Form 470 (“mini-bid” may be required)
- E-rate allows:
  - Multi-year contracts
  - Contracts with voluntary extensions
- Contracts must have **an end date** after extensions are used

# FCC Form 471

# Now What?

- The FCC Form must be filed within the application window
- The Funding Year 2022 window opened January 12<sup>th</sup> and will close March 22<sup>nd</sup> at 11:59 pm ET
- Completed the competitive bidding process
- Internal approval
- Awarded the service provider
- Have a signed contract
- You may now proceed to the FCC Form 471 application

# Who Can File an FCC Form 471?

- When an applicant is currently within a multi-year contract with Service Provider.
  - Applicant will use the original FCC Form 470 number.
- Applicant qualifies for “Low-cost/High-speed” service.
  - An FCC Form 470 is not required.
- New competitively bid service (470)

Entity Information

Funding Requests

Certify

Next, you will designate whether this FRN includes a Fiber or Wireless Request.

### Fiber Request Key Information

Does this FRN include a request for any of the following eligible broadband options?

- **Special construction.** One-time, upfront costs associated with building out leased lit fiber, leased dark fiber, or a self-provisioned network (i.e. special construction charges), or wireless service; and/or
- **Maintenance and operations.** Costs associated with the maintenance and operations for either a leased dark fiber or self-provisioned network; and/or
- **Network equipment.** Costs associated with the purchase of Network Equipment needed to make leased dark fiber or a self-provisioned network functional (e.g., modulating electronics and other equipment).

If any of the above apply, select "Yes" below.

Select "No" if you are only seeking support for the monthly recurring costs for either a leased lit fiber service or a leased dark fiber service (i.e., recurring payments on a dark fiber lease or IRU), or a wireless service.

#### Notes:

- If you are seeking support for both the Special Construction, Maintenance and Operation, and/or Network Equipment as well as support for recurring costs associated with leased lit fiber, a dark fiber lease/IRU, or a wireless service then you create multiple FRNs. In each case, you will select a different answer to the Yes/No question based the specific services that are included in that FRN.
- If you select "Yes" below, you should create separate FRNs for special construction charges, maintenance and operations (M&O) charges, and Network Equipment charges. If charges for M&O and Network Equipment are bundled pursuant to a single contract for those products/services, you may use the Network Equipment/M&O FRN option.

YES

NO

Please complete the certifications below.

## Applicant Certifications

- ☐ I certify that the entities listed in this application are eligible for support under U.S.C. §§ 7801(18) and (38), that do not operate as for-profit businesses.
- ☐ I certify that the entity I represent or the entities listed on this application have secured access to all of the necessary services, including maintenance, and electrical capacity, necessary to use the services provided. Billed Entity will pay the non-discount portion of the cost of the goods and services.

- ☐ I certify an FCC Form 470 was posted and that any bids were considered and the most cost-effective service offered.
- ☐ I certify that the entity responsible for selecting the service provider has complied with the rules.
- ☐ I certify that the services the applicant purchases are for money or any other thing of value, except as permitted by the Commission or any consultant in connection with this request.
- ☐ I certify that I and the entity(ies) I represent have not signed contracts or other legally binding agreements that acknowledge that failure to comply with program rules will result in a penalty.
- ☐ I acknowledge that the discount level used for share is appropriate share of benefits from those services.
- ☐ I certify that I will retain required documents for a period of time necessary to demonstrate compliance with the statute and records available to USAC.
- ☐ I certify that I am authorized to order telecommunications services on behalf of the entity(ies) listed on this application, that I have examined the application and have complied with the terms, conditions, and rules of the Communications Act, 47 U.S.C. §§ 502, 503(b), or the rules of the Commission.
- ☐ I acknowledge that FCC rules provide that persons are subject to suspension and debarment from the program if they are found to be in violation of the rules, or any person associated in any way with the applicant or the service provider.
- ☐ I certify that if any of the Funding Requests on this Form are required by the Commission's rules at 47 C.F.R. § 1.101.
- ☐ I certify that the non-discount portion of the costs for the services provided by the service provider, I acknowledge that, I considered a rebate of some or all of the cost of the services.
